ANNUAL REPORT ON 2019 IMPACT

A vibrant and thriving Boulder County

SVP Boulder County envisions a more vibrant and thriving Boulder County community for all.

Wealth and employment opportunities abound here in Boulder County. Yet our communities face increasing challenges: a shortage of affordable housing, racism and ageism, and a rate of child poverty consistent with the national average. To successfully meet these challenges requires collaborative action—givers, nonprofits, and impact leaders working together to create positive change.

Since 2000, SVP Boulder County has contributed more than

\$7 million

worth of consulting, education, coaching, mentoring, and advising to several hundred nonprofits

\$1.65 million

in cash grants to more than 40 nonprofits

250 Partner members

provided the volunteer power for services and funding for cash grants while receiving education, connections, and high-level volunteer engagement

“Our nonprofit participants are improving their structures, their systems, and how and what they do; while our Partners are learning about the nonprofit landscape, contributing their skills and experiences, engaging with a variety of community stakeholders, and becoming more informed and strategic philanthropists along the way.”

Nonprofit Impact

When YWCA Boulder County identified a clear community need, SVP Boulder County stepped in to help create a new, integrated business model expanding the only drop-in, sliding-scale emergency care program for children along the Front Range.

“Being able to leverage the incredible experience and talent of SVP Partners really lifted this project, providing credibility and assurance that we’re on the right track. Without SVP’s help, it simply wouldn’t have been possible for us to hire the expertise we needed to conduct financial modeling, and develop a strategic plan that ensures alignment and engagement.”

Debbie Pope
CEO, YWCA Boulder County

In 2019
SVP Boulder County hosted five programs providing consulting, education, coaching, mentoring, and advising. We worked with more than

400 people from over
150 local nonprofits.

We also created a new vision for deeper impact by expanding our services to provide short-term consulting, advising, and assessments while streamlining current programming to make it more accessible.

Partner Member Impact

Barbara Truan
SVP Partner member

For Roland Evans, being a Partner member of SVP Boulder County reinforces what he loves most: strengthening teams for greater effectiveness by resolving challenging group dynamics.

“It’s important to allow groups to form well enough so people can express their honest feelings and experiences. From there, we can work together in a shared experience to manage and overcome crises, conflicts, insecurities, and other stressors – in part by clarifying roles and establishing boundaries.”

How We're Funded

Ruth and Bruce Henderson
SVP Partner members

Partner Members

make a required annual donation ranging from

\$1,500 to \$5,000+

Additionally, in the last fiscal year

37% of Partner households/businesses
gave beyond their membership donation.

Donor Supporters

52 individuals, businesses, foundations, and nonprofit participants were inspired to support SVP's meaningful work directly with nonprofits, community leaders, and philanthropic changemakers.

Earned Income

Nonprofit participants engaged in several of our programs pay a low, sliding scale fee. This **earned income** translates into stronger commitment to the work, but doesn't cover the cost of services.

Income \$419,912

Expense \$397,471

"We think of SVP as a kind of university model for nonprofits and Partners. And just as we would with an alma mater, we want to continue to support the impact and connectivity that SVP brings to our community."
